Why Karndean?

All the benefits of Karndean Designflooring...

From large commercial environments to residential projects, at Karndean Designflooring, our vast range of products offer the essential benefits that make our luxury vinyl tiles and planks the perfect choice for any flooring space.

The Opus collection includes some of the most contemporary designs available in trendy larger scale planks and tiles. The wider planks are perfect in larger spaces and come in a wide range of tones.

Add brightness to a space with Opus's collection of light toned wood planks and tiles or add visual interest with the dark charcoal tones and silvery grain details of the Argen planks.

Realistic wood and stone designs

Inspired by nature, our products are designed in-house and realistically replicate the look and feel of real wood and stone materials.

Warranty

Karndean floors are backed by our residential lifetime* and 10-15 year commercial warranties.

Easy to clean and look after

A sweep and mop with Karndean Clean is all you need to keep your Karndean floor looking great.

Waterproof

Karndean's waterproof floors stand up to spills of all sizes and won't swell, crack or warp when wet.

Durable

Compared to other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

K-Guard+®

We use K-Guard+® surface technology for scuff and stain resistance ensuring there is no need to apply an additional surface treatment following installation.

Hygienic

Unlike carpets, our floors don't hold dust, dirt, pollen or other allergens.

Compatible with underfloor heating

For added warmth, our flooring is perfectly suitable for underfloor heating systems up to 27°C.

Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring.

Quiet compared to other hard floors

Karndean is quieter underfoot compared to most hard flooring alternatives.

Kid friendly

Karndean floors offer children a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

Pet friendly

From muddy paw prints to household accidents and anything in-between, Karndean's low-maintenance floors are designed with pets in mind.

Environmentally friendly

All Karndean floors are 100% recyclable and environmentally friendly.

Resists indentation

All Karndean floors stand up to the impact of day to day life.

Choose your design

Opus Wood

The Opus collection brings you a fresh, modern feel with a wide range of tones and mix of surface finishes. Combined with clean lines, you can achieve a sense of simplicity and visual space whatever your colour scheme.

Visit us online at karndeancommercial.com where you can...

Find website support

The website offers a wealth of inspiration, case studies and design ideas, detailed technical information and a look inside our head office and warehouse. When you are designing floors this is your point of reference for information, samples and practical support.

Website tools include:

Find a retailer
Floorstyle tool
Product selector

Order samples
Downloads
Style Finder
Moodboard Tool

Order samples

If you need some extra help selecting the best colour for your room, why not order some cutting samples? These are small samples designed to help you pick which product is right for you.

Check out our Digital Specification Library

We have developed a great tool which allows you to pick a room and see what different floors will look like. It's really easy to use and will allow you to create your perfect Designflooring combination.

Recycling		Suitable		
Phthalate free		Yes		

¹ Subject to terms. Please see our website.

² Result is $L_{n,w} = 58$ dB when installed on Regupol 4515 acoustic underlay.

³ Slip resistance is measured on freestanding ex-factory product. Slip resistance can be affected by many factors, including but not limited to: product installation and underlayment, surface contamination, use, wear and how the product is maintained. Textural variation along the surface of the product can affect nominal values.
