Hello herringbone...

Herringbone has become a firm design favourite and it's easy to understand why.

Whether you're looking to add textural interest in an open plan home or visually enlarge a smaller room, a herringbone pattern will introduce a sense of flow with bags of personality. With each of our herringbone designs also available in a large plank alternative, why not try a herringbone design to create a feature floor in your entrance hallway, complemented by its large plank companion throughout the rest of the house?

For a subtle twist on the classic, a double plank herringbone adds character and visual interest to any space. Or for maximum impact, combine two or three different designs to really express your individuality and create a statement floor unique to you and your home.

Pick your style

Contemporary elegance

With clean lines that highlight the natural textures and colour variations in each plank, a herringbone floor is timelessly elegant.

Traditional parquet

Ideal for recreating a classic style in a period home, our Art Select oak parquet designs come in traditional 9" x 3" planks which can be laid in either herringbone or block patterns.

Mix it up

For a statement style, why not combine complementary or contrasting designs for a stunning geometric effect. Select two, three or more of your favourite designs and get creative.

Double it

Add character to your space by doubling up the planks, to create a unique herringbone design with plenty of personality.

Designed for
peace of mind

Durable

Karndean Designflooring gives you the look and feel of natural products with the durability and resilience of luxury vinyl.

Easy to clean

Easy to clean with a sweep and mop. Doesn't require sanding, varnishing or staining.

Lifetime guarantee

For peace of mind all our residential floors come with a 35 year guarantee.

Comfortable underfoot

Each of our floors are comfortable underfoot, perfect for all the family.

100% waterproof

All Karndean floors, no matter which design you choose, are 100% waterproof.

Full of charm & character

Our Art Select wood collection features our most intricate designs taking inspiration from oaks sourced from the ancient forests of Europe. These highly realistic textured surfaces are combined with deep bevelled edges to define each individual plank, resulting in a collection that embodies luxury, sophistication and versatility.

Recreate a timeless period style with traditional 9" x 3" planks, featuring a mix of pale and dark golden oak designs and intricate grain details. Or for a contemporary take on the classic parquet style, opt for a modern 18" x 3" sized plank. From the subtle peachy hues of Savannah Oak to the cool grey tones of Clay Artisan Oak, our Art Select collection offers a choice of oak designs that will bring the beauty of the natural world to life in your home.

Clean & contemporary

Taking inspiration from many wood species and natural stone found around the world, our Van Gogh range offers a wide range of designs to choose from, with selected products available in a 28" x 7" plank and others in a smaller 18" x 4.5" plank. With products inspired by European oaks to reclaimed, salvaged timbers, there is a design to suit both contemporary and rustic interiors alike.

Offering a flexible mix of products in a gluedown format or a click-locking rigid core, this collection is ideal for home decorators looking to create stylish interiors with a sense of flow over different subfloor conditions, including uneven or drying floors or where sound transmission from rooms above is a consideration.

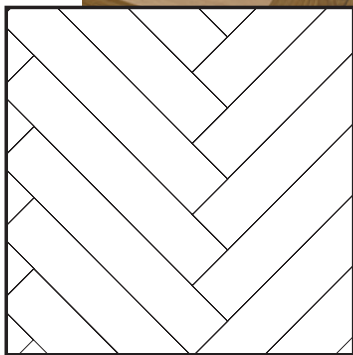

Choose a blend of designs and mix them up to create a truly unique floor. Whether you opt for a couple of similar designs for a soft complementary look or a mix of contrasting wood and stone designs for a bold statement, there are endless options to bring character to your space.

Colour and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order. All of our products are inspired by things we have seen in the natural world. Just as variation in colour and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid.
