Using WP311 &
WP318 from our
Opus range
▽

Why Karndean?

All the benefits of Karndean Designflooring...

Lifetime guarantee

Every Karndean floor is guaranteed to last for years to come.

Durable

Compared to other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

Waterproof

Karndean's waterproof floors stand up to spills of all sizes.

Low maintenance

We use K-Guard+ technology to ensure that there is no need to apply an additional surface treatment following installation.

Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring. Additional cushioning in the backing helps make the product more comfortable underfoot.

Pet friendly

From muddy paw prints to household accidents and anything in-between, Karndean's low-maintenance floors are designed with pets in mind.

Child friendly

Karndean floors offer children a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

Realistic designs

Inspired by nature, our products are designed in-house and realistically replicate the look and feel of real wood and stone materials.

Compatible with underfloor heating

Up to 27°C.

Kaleidoscope can help you achieve 3D impact, movement and visual contrast, and that's why shapes and patterns can work in both small and large spaces alike. Each piece of your geometric floor has been cleverly cut from our authentic wood and stone designs, with popular colourways from our Art Select, Da Vinci, Van Gogh, Opus and Knight Tile ranges, to form individual shapes.

Colour and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world. Just as variation in colour and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

We love developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice. We hate to disappoint, and will always try to work with you to find an alternative design that you love just as much.
